

## Electric Décor Horizontal

The Myson Electric Décor Horizontal is a stylish, contemporary alternative to traditional radiators, featuring a distinctive flat tube design. Suitable for a wide range of uses in both domestic and commercial applications, it is ideal for projects off-gas or without central heating pipes installed. The horizontal model is available in four sizes with a height of 600mm and lengths ranging from 485mm to 1010mm. Manufactured from 1.25mm steel with an IP44 rating, it is filled with a glycol mix (part water/part anti-freeze). All models come with a remote control thermostat, with an option for a hard-wired, 4-zone touch screen programmer (TOUCH4). The unit is guaranteed for two years from the date of purchase against manufacturing defects and is finished in white (RAL 9016).
